Tags: 3d printed mechanical custom keycap keyboard mx cherry keys set size spacebar ergonomic sculpted numpad full keycaps 104 ansi

A complete, ergonomic keycap set for full-size mechanical keyboards: all 104 ANSI keys, including the numpad, arrows and a 6.25u spacebar. Designed for 3D printing, with standard Cherry MX cross stems that fit MX-style switches (Cherry, Gateron, Kailh, Outemu and similar).

Why it’s comfortable

- **Every row leans toward your fingers.** The top rows tilt back and the bottom row tilts forward, so the keyboard forms a gentle bowl around the home row. Your fingers land flat on each key with less reaching.

- **Find your place by touch.** Every row has its own height and angle, so you can feel which row you're on without looking. Handy for touch typing.
- **Dished tops.** Each key is scooped in both directions, which centers your fingertip and helps prevent slipping onto the next key.
- **Soft, rounded corners** that grow rounder toward the top: smooth under your fingers, with a clean modern look.

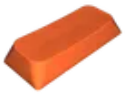

Only 16 files for 104 keys. Keys in the same row and width are identical, so print each file as many times as listed:

- F_1u (×16): Esc, F1–F12, Print Screen, Scroll Lock, Pause
- NUM_1u (×20): 1–0 - =, Insert, Home, Page Up, Num Lock, Numpad / * -
- NUM_2u (×1): Backspace
- TOP_1u (×18): Q–], Delete, End, Page Down, Numpad 7 8 9
- TOP_1.5u (×2): Tab, \
- HOME_1u (×14): A–', Numpad 4 5 6
- HOME_1.75u (×1): Caps Lock
- HOME_2.25u (×1): Enter
- BOTTOM_1u (×18): Z–/, all four arrows, Numpad 1 2 3, Numpad .
- BOTTOM_1.25u (×7): both Ctrl, both Win, both Alt, Menu
- BOTTOM_2u (×1): Numpad 0
- BOTTOM_2.25u (×1): Left Shift
- BOTTOM_2.75u (×1): Right Shift
- BOTTOM_6.25u (×1): Space
- NUMPAD_PLUS_1x2u (×1): Numpad +
- NUMPAD_ENTER_1x2u (×1): Numpad Enter

Specs

- Height at the centre of the key: F row 9.6 mm, number row 9.1, top row 7.1, home row 6.1, bottom and space rows 6.4.
- Row tilt: F 6.5°, number 4.3°, top 3.8°, home 3.5° (back edge higher); bottom and space rows 9.5° (front edge higher).
- 1u base 17.8 × 17.8 mm; walls 1.2 mm, top 1.3 mm.
- Stem: Cherry MX cross, 4.1 × 1.31 mm, in a 5.5 mm post. Keys 2u and longer have stabilizer stems at Cherry spacing (100 mm apart on the spacebar).
